DISASTER OVERTAKES TURKS IN THE EAST

FOREIGNERS ARE IN GRAVE DANGER

Bolsheviki Official Urges Ruthless Persecution of British and Others.

ANARCHY AND MURDER

Riding Against Allied Nationalities Has Taken Place at Various Towns and Some Killings Are Reported.

Peking, Sept. 23.—News has been received here that the German emperor on Sept. 10 issued an order to all Austro-Hungarians and Germans in Russia, saying it was their first duty to join the Russian troops and to oppose Japan and her Allies "who threaten to restore the Eastern front."

Amsterdam, Sept. 23.—According to the Petrograd correspondent of the Hamburg Nachrichten, the Russia people's commissary at Volodga has urged on the people of the entire Volodga province the most ruthless persecution of British, French and American residents.

Rioting against allied nationals has taken place at various towns, the correspondent says, and some Frenchmen and Americans are being murdered.

Finland to Receive Refugees.

Helsingfors, Finland, Sept. 23.—"In view of the condition of anarchy and murder at Petrograd and the defenseless situation of a great part of the population," says an official statement issued here, "Finland's government feels that on purely humanitarian grounds it cannot refuse to permit Russians, English, American and refugees to come to Finland."

The Finnish government, however, the statement says, is compelled by the scarcity of provisions to beg the three Scandinavian countries—Norway, Sweden and Denmark—to help in harboring a portion of the refugees.

Allied Diplomats Take Charge.

Archangel, Sept. 9.—(Delayed.)—As a result of an attempt to overthrow the Tschalkovsky government the Allied diplomatic and military chiefs today assumed temporary directions and established a protectorate in the region near the rear of the Allied front, pending the adjustment of political disputes. This decision followed the arrest of M. Tschalkovsky and all but two members of his government early Thursday by a party of Conservative officers headed by Colonel Tchaplinsk, the Russian army commander, who sought to establish a new regime.

M. Tschalkovsky and his ministers were taken on board a ship en route to the Solovetsky monastery from where they were returned by order of the Allied ambassadors with the approval of Consul General Poole. Meanwhile the Allied forces, including the American troops are patrolling the city.

ROADS SEEK FEDERAL HELP

Small Lines May Return Under Government Operation.

Washington, Sept. 23.—Representatives of short line railroads relinquished from Federal control, in conference with railroad administration officials, have agreed to most of the government proposal for a contract, under which small roads might return to Federal management without guarantees of fixed earnings, accorded other roads, but with the privilege of charging higher rates, and with a fair division of joint rates.

Unless the agreement is completed soon, the short line representatives declared, many small roads may be forced into bankruptcy through the disruption of business practices following government management.

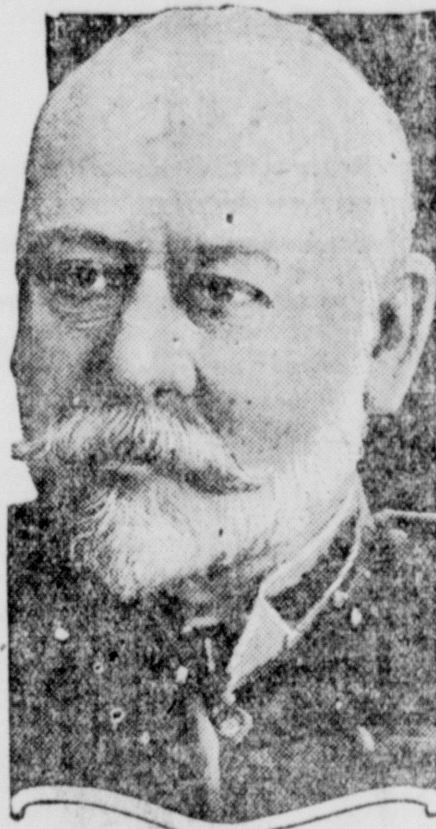

SUFFRAGE VOTE IS UNCERTAIN

Absence of Many Senators May Delay Action Thursday.

Washington, Sept. 23.—Despite the announcement of Senator Jones of New Mexico that he would call up the woman suffrage resolution Thursday in the Senate, there is a probability that the plan may not be carried out. Difficulty over the arrangement of pairs for absent members is being experienced.

The result of the vote on the resolution is uncertain.

GEN. SUKHOMLINOFF
Former Russian Minister of War
Court Martialled and Shot.

General Sukhomlinoff, minister of war in the Russian imperial cabinet from 1909 to 1915, was court martialled on Sept. 8, and shot on the same day, according to a Petrograd dispatch printed in the newspapers of Vienna and transmitted to London by the Amsterdam correspondent of the Exchange Telegraph company.

Village of Vendeaule Captured by French

Paris, Sept. 23.—The capture of the village and port of Vendeaule on the west bank of the Oise nine miles southwest of St. Quentin is reported by the French war office. Northerly of Fontaine French troops penetrated the woods south of Hinacourt.

ENEMY IS WEAKENING

News From All Battle Fronts Enthusiasms General March.

American Forces in France Are More Than Half as Strong as Whole German Army.

Washington, Sept. 23.—General March, chief of staff, furnished striking proof that the German power is fast crumbling in the announcement that "continuously good" and that 1,750,000 American troops have been embarked for service overseas.

Just six months ago the enemy flung his full military power against the British lines in Picardy in the great drive that was to end the war in a smashing victory. Today he is fighting desperately to hold the tottering Hindenburg line, the defensive system from which he struck that blow and back into which he has been hurled.

Side by side, British, French and American armies have broken definitely the German offensive power. In official opinion here, already the American forces in France are more than half as strong as the whole German army and the tide of American fighting men toward France is continuing at an even pace.

PREDICTS YANKEE ADVANCE

Congressman Schall Looks for Early Invasion of Germany.

Washington, Sept. 23.—American soldiers will be on German soil in the Metz sector before snow flies and "they are going to keep right on going" when they get there, in the opinion of Representative Thomas D. Schall, Minnesota's blind member of Congress, who with Mrs. Schall returned from a trip to the battle front.

From American generals, Mr. Schall got the impression our armies intend to give the Hun no rest, which means the Yanks will move steadily forward now until Germany surrenders.

BRITISH SOLDIERS SEIZE THE FORDS OF JORDAN

Allied Troops Cut Bulgarian Supply

(By United Press)
London, Sept. 23.—Allied troops in Macedonia have cut the railway from Gradsko to Prilep, according to a Serbian official Communiqué. The Uskup-Salonika railway also has been cut stopping all supplies to the Bulgarians on the whole sixty-five mile front from Prilep eastward to the Lake Dorian region. Up to Saturday the allies had made a total advance of more than forty miles, certain infantry regiments advancing as rapidly as twenty-five miles in a day.

3,000 Austrians Surrender to Czechs

(By United Press)
Tien Tsin, China, Sept. 23.—The Chinese mediating between the Czechs and four thousand Austro-Hungarians near Kiakhita succeeded in getting three thousand Austrians to surrender.

General Strike in Austria

(By United Press)
Zurich, Sept. 23.—As the result of a general strike in Salzburg, Austria, a state of siege has been proclaimed but the demonstrations continue it is reported.

American Ambassador Goes to Vladivostok

(By United Press)
Tokio, Sept. 23.—American Ambassador Morris left for Vladivostok to make a personal investigation of conditions there to report to the United States government.

British Advance Taking Prisoners

(By United Press)
London, Sept. 23.—The British advanced between Vendhuil and Villers Guislain taking a number of strong points and some prisoners, General Haig says in an official Communiqué.

Two Turkish Armies Completely Destroyed

(By United Press)
London, Sept. 23.—The last avenue of escape for the Turks west of the Jordan has been closed through the seizure of the fords at Jisredanir. It is officially announced. More than 25,000 prisoners and two hundred and sixty guns were counted up to eight last night, with many more uncounted. The seventh and eighth Turkish armies have virtually ceased to exist the statement said. Their entire transport is over.

Drive on to Force Men Out of Non-Essential Work

(By United Press)
Washington, Sept. 23.—One thousand community labor boards reaching every section of the country today began a drive to force men out of non-essential employment and to place women on the jobs. After the fullest survey of each job the local boards will publish a list of recommendations. If moral suasion thus effected doesn't bring results, the employment service can shut off the supply of raw materials from any plant through the war industries board.

Prisoners Conference Convenes Today

(By United Press)
Washington, Sept. 23.—The American-German prisoner conference convened today at Bern to consider the general treatment of prisoners exchange, and supplying of food to Americans in Germany.

British Advance on short Front

(By United Press)
London, Sept. 23.—British troops progressed on a front of three-quarters of a mile east of Gavrelle last night General Haig announced. The Germans temporarily penetrated the British lines near Berthaucourt but were driven out by a counter attack.

Germans and English Continue Struggle

BY LOWELL MELLETT,
(Staff Correspondent, United Press)
With the British ahead, Sept. 23.—Regardless of heavy rains the British and Hunns continued fighting last night and early today for the possession of the various positions between Cambrai and St. Quentin. South of Oppy the British advanced six hundred yards on an eleven hundred yard front taking fifty prisoners. At ten last night the British advanced near Epchy driving the enemy out of several trench elements protecting the Hindenburg outpost line.

Americans in Successful Raids

BY FRANK J. TAYLOR
(United Press Staff Correspondent.)
With the Americans on the Metz front, Sept. 23.—The Americans in three successful raids Sunday took thirty prisoners in the region of Haumontes Lachaussee inflicting losses on the enemy.

(By United Press)
London, Sept. 23.—Fifteen tons of bombs were dropped on enemy objectives by British aviators Saturday night it is announced today.

Austro-Germans are Threatening Irkutsk

(By United Press)
Harbin, Manchuria, Sept. 23.—Six thousand Germans and Austro-Hungarians are threatening the Irkutsk district. The population of the Baidai district are anxiously awaiting the arrival of Japanese troops.

NAZARETH FALLS BEFORE BRITISH

COUNT KAROLYI
Insists Central Powers Should Accept Wilson's Peace Points.

Count Michael Karolyi, the Hungarian opposition leader, has reiterated his declaration that the Central powers should accept President Wilson's fourteen peace points as the basis of peace negotiations, according to a Budapest dispatch to the Frankfort Gazette. Another essential, he says, is for "serious democratic governments" in Austria-Hungary and Germany to take the helm. The actionaries, he insists, must be sent to the rear. The situation, he adds also calls for the abrogation of the Brest-Litovsk and Budapest treaties. "Thus only can peace come," the count declares.

Allies Capture 25 More Villages in Macedonia

(By United Press)
Paris, Sept. 23.—The allied forces in Macedonia have captured 25 additional villages in the last forty-eight hours according to a Salonika dispatch.

PRaises American Fliers

British Air Chief Says They Have no Superior.

With the American Army in France Sept. 23.—In the course of a statement on the extent and importance of the work of the British independent air force, Major General Trenchard, its commander, spoke in the highest praise of the American airmen. He said they were as good as his own men and more praise he could not give, as he did not believe anything better could be said.

Their daring, their ability, discipline and organization could hardly be improved upon, said General Trenchard.

Kaiser Reported Ill

(By United Press)
Rome, Sept. 23.—The report that Kaiser Wilhelm is ill is confirmed by German newspapers, according to the Corriere d'Italia, and has been forced to cancel engagements.

Last Rites of Church Administered

(By United Press)
St. Paul, Sept. 23.—The last rites of the church were administered to Archbishop Ireland this afternoon. He is constantly growing weaker.

Turks Suffer Crushing Defeat at Hands of General Allenby's Army.

ADVANCES 60 MILES

More Than Eighteen Thousand Prisoners Have Been Taken and Guns in Excess of 120, as Well as Other Booty.

London, Sept. 23.—The Turks in Palestine and the Bulgarians and their allies in Macedonia are being put to the test, while the front in France is comparatively quiet. But nowhere thus far have they been able to hold back, or even counteract the onslaughts of their foes. British cavalry has advanced 60 miles west of the Jordan.

In Palestine the Turks seemingly are in the process of being crushed. In Macedonia the Allied forces are driving sharp wedges for considerable distances into the enemy fronts.

In France and Flanders where there has not been any fighting rising in importance above patrol encounters, the British, French and American troops have kept the upper hand and advanced their respective lines.

Nazareth is Captured.
Of transcendent interest, for the moment, at least, are the operations of the British General Allenby's forces in Palestine.

Here in less than four days the British have swept forward in the center between the River Jordan and the sea and taken the famous Nazareth, while their wings closed round in a swift enveloping movement and nipped within the jaw of the great pincers all the Ottoman forces in the coastal sector, the plain of Sharon, the hill region in the center and also the Western Jordan valley.

Meanwhile to the northeast, the friendly Arab forces of the king of the Hedjaz have cut all railway communication in front of the fleeing Turks and are standing a barrier to their escape by way of the eastern plains.

More than 18,000 Turks have been made prisoner by the British and guns in excess of 120 had been counted when the last reports from General Allenby were received. In addition great quantities of war stores had been captured, and still others had not been counted owing to the rapidity of the movement.

Many More Turks Taken.

It is not improbable that within the bag, the strings of which have been drawn taut, closing the mouth, thousands of Turks are enmeshed. Many of those already made prisoner, fleeing in disorder, literally walked into the hands of the British, not knowing their lines of retreat had been cut off.

Although the Turks at some points offered considerable resistance to the British, at no point were they able to stay the advance, even on the famous field of Armageddon, which the British cavalry swept across and occupied Nazareth to the north. In the operation of sewing the enemy within the sack, the British played an important role, vigorously bombing the retreating Turks, inflicting enormous casualties on them. The losses of General Allenby are described as slight, in comparison with the importance of the movement carried out.

Italians in Macedonia.
In Macedonia, the Italians have joined in the fray with the British, French, Serbian and Greek troops and are hard after the Bulgarians and their allies, who are being driven northward through southern Serbia. Between the Cerna and Vardar rivers, although the Bulgarians and Germans are sending up reinforcements, the allied troops have continued their pressure.

NO GRAIN FOR NEAR BEER

Food Administration Bans All Sales for Maltsters.

Washington, Sept. 23.—Malting of grain for brewing beer or near beer is prohibited by an order issued by the Food Administration. The order is effective immediately.

Malting for manufacturing yeast, vinegar, breakfast foods, malt extract and other such products will be permitted, the Food administration states, but no grain shall be malted for these purposes until actual sales have been made.

**How Shall
I Invest
Safely?**

It must be learned from experience—preferably some one else's experience.

These are the cardinal points of safe investment:
FIRST: Security of principal. It is utterly futile to invest money without having this point passed upon competently.

SECOND: Availability of funds in case of need. Too many find, too late, that they are in possession of "securities" which have no market and which no bank will accept as collateral.

THIRD: Certainty of interest return. Thousands of investors are misled by vain promises.

FOURTH: Interest rate—a point often placed first, but really belongs last. As interest rate rises, security, prompt interest return and availability usually recede—often to the vanishing point.

A savings account with this bank offers you security for your principal; interest will be credited to your account the day it is due whether you ask for it or not; your principal can be promptly realized in case of emergency; the interest rate is as high as can be consistently offered with the above guarantees.

TWO FINE NEW N. P. BUILDINGS

New Emergency Hospital Under Construction East of the Passenger Depot in Staples

ALSO BUILDING FOR REST ROOM

Reference to the Brainerd Members of the N. P. B. A. Building Own Hospital at Brainerd

(Staples World)

Two new buildings for the benefit of the employees of the Northern Pacific are being built in this city, an emergency hospital for their care when injured in any kind of an accident, and a rest room and lavatory for their comfort and enjoyment when they come in from their run all tired and dirty.

The hospital is being built in the park to the east of the depot. It is a one story structure 28x36 feet in size. From the ground to the roof it will be fire proof. The outside walls will be of beautiful red pressed brick, the floor of reinforced concrete. The entrance will be from the end facing the depot. The building will contain a waiting room, doctor's office, receiving room, dressing room, kitchen and ward for two beds, other rooms to be supplied with beds if occasion demands. Heat, water and electricity will be supplied from the plant at the round house. Architecturally the building will be an ornament to the park. It was designed by Butler Smith, the resident engineer, and will reflect credit upon his architectural ideas. Alex Nelson of Perham has the contract for the erection of the hospital and the cost, including the plumbing will be around \$8,000.

Considerable disappointment has been expressed because the company saw fit to ignore the wishes of the men in the matter of a general hospital here as the talk of a couple of years ago, in place of the one at Brainerd. The hospital which the men wanted here will be built in St. Paul, plans for which are now being drawn, but it is not likely to be built until the war closes. It is said that the Brainerd members of the N. P. B. A. are talking of withdrawing from the organization when the company hospital is taken away from that city, and of organizing a local association among themselves for building and maintaining a hospital of their own. There are about 1200 employees there and on the present wage scale and assessment it would mean about \$1200 a month for maintaining such an institution.

The lavatory, rest room, bulletin building is to be built to the north of the roundhouse. It will be 28x26 feet in size, constructed of concrete and cream brick. It will be supplied with hot and cold water, baths, etc., and will surely be appreciated by the men as they leave their work in greasy frock and overalls as a place for cleaning up and changing their clothing as well as a sanitary lounging place when off duty. This is certainly a step in the right direction. Men are coming to their own these days and all are glad of it.

The Enemy Is Watching

By NEWTON D. BAKER, *Secretary of War*

The supreme moments of our struggle with Germany have now come.

We have carried our first armies across three thousand miles of ocean and joined the issue of battle with the military power of a nation that has been for forty years preparing its plans and its weapons for its present attempt to dominate the world. We have had to put forth an immense effort and spend a fabulous

sum in order to make, in so short a time, an adequate beginning for our gigantic task.

But it is only our beginning. We must follow it with greater energy and support it with increasing power. Men, munitions, ships and supplies must go to Europe in a larger and larger stream. We must redouble our blows and add constantly to the strength of those blows, if our initial effort is not to be wasted.

This Means That Our Fourth Liberty Loan Must Be Larger Than Its Predecessors, More Enthusiastically Supported and More Quickly Than Ever Subscribed

The enemy is watching anxiously for the first sign that we are faltering.

Our Government Loans should go "over the top" as eagerly as our soldiers do, in order to carry with them the terror of furious attack. Our dollars must rain upon the enemy as overwhelmingly as our hail of bullets or our storm of shells.

We are fighting for the liberty of the world, for the triumph of our ideals of democracy and self-government over the last great advocate of force upholding injustice. We are buying with our Liberty Loans the security and joy of our people for generations to come. No price could be too high to pay for such a victory—no cost too great for such a purchase.

SAVE SUGAR

The sugar ration in simplest terms means two pounds a month per person, or thirty-two ounces. This does not refer to the bountiful supply apportioned for canning.

The sugar rations amount to an ounce or six level teaspoons a day per person. If you feel like kicking at this slight sacrifice, consider Italy. Her people are on rations of eleven ounces or 66 level teaspoons a month. Here's the point. You have been asked to save on this and that and if you never follow the government's requests, simply argue and dodge the question, where on earth does your sacrifice for the government come in?

Some people act as though the government should pay them a subsidy for living and working in the United States, that nothing ever dare

be ordered or asked by the government which may in the least interfere with their individual comfort.

HUNS HAVE CHIEF PILLAGER IN ARMY

BY HENRY WOOD,

(United Press Staff Correspondent.)

With the French Armies, Aug. 29 (by Mail)—Documents taken from German prisoners captured recently on the French front establish beyond a shadow of doubt that the Germans now have an officially organized system of pillaging new French territory as fast as it is occupied.

The documents captured show that this has been especially the case in the rich territory between the Aisne and the Marne, where the inhabitants fleeing before the Hun advance were able to take away with them only a few scattered belongings. According to these official documents special troops are set aside for the pillaging and the various battalions, regiments and divisions make requests through the regular official channels on these pillaging troops for their portion of the booty.

Following is one of these official requests, addressed to the Chief Pillager for certain specified kinds of booty. (Dateless)

"First Battalion, 442nd Regiment
 "Dear Mr. Dombrowski:
 "The chief of the battalion requests me to ask you to hold ready, if possible during the course of the day for certain specified kinds of booty, the chief of the section in charge of the clothing depot, several articles of which the staff has need.

"We will send under cover of the fog some men to bring them back. Yesterday, on account of the obscurity, we did not receive everything that was necessary. For example we carried away some women's chemises instead of shoes.

Regular Shopping List

"You will kindly procure for us:
 "Four pairs of laced shoes No. 42.
 "Two pairs of laced shoes No. 49.
 "Two pairs of laced shoes No. 41.
 "Ten pairs of house slippers of different sizes.
 "Five over-blouses.
 "Two summer blouses.
 "Putties.
 "Pine socks.
 "Tooth brushes.
 "(Word here unreadable)
 "Twenty bottles of Champagne."
 "With many thanks in advance and with best wishes,
 "W. MATTERN.
 "P. S.—In case other companies make similar demands the battalion

kindly requests you to give them your best advice."

The above document was found on the body of a dead German following the recapture by the French of Hill No. 904, west of Chateau Thierry. The evidence contained in this document of the official character of the Germans' pillaging is further confirmed in another letter also sent by W. Mattern, in which he officially designates Lieut. Dombrowski, to whom the above letter was sent, as the grand pillager of Chateau Thierry.

"New Cantonment—Bezy—St. Germain:

"Tonight beginning at midnight, an empty machine gun munition wagon will be at the place where the rolling kitchens were formerly installed, in order to permit you to transport various objects. (It will be necessary for you to furnish men to haul them.)

"The rolling kitchens will no longer bring you warm meals to the front lines.

"In case the company has need to have clothing sent to them from the big stores at Chateau Thierry, they should put themselves in relation toward the evening with Lieut. Dombrowski at St. Martin.

"The companies can even go themselves when the sectors will have passed in conformity with the orders given. (Render account to K. T. K.) Verbal orders for relief will be remitted by the commander of the old company in line to the new one.

Von Hindenburg Replies to Greetings From Patriotic Meeting.

Amsterdam, Sept. 23.—Field Marshal von Hindenburg, replying to greetings sent to him from a patriotic meeting in Juteborg, said:

"The first replies from the enemy camp to the Austrian note reveal our enemies' state of mind. In the face of this there can be only one watchword—German people, be hard."

TROOPS UNFURL RED FLAG

Austrians Decline to Leave for the Western Front.

Vasel, Switzerland, Sept. 23.—An Austrian regiment at Rovno, in the Russian Province of Volhynia, is reported in a dispatch received here from Kiev, to have refused to go to the battle front in France. The Austrians unfurled the red flag and are said to have been joined by two other regiments.

Catarrrhal Deafness Cannot be Cured, by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound of imperfect hearing and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh which is an inflamed condition of the mucous surface. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

At the Best Tonight

Clara Kimball Young and her own company will appear at the Best theatre tonight in her latest Select Picture, "The Savage Woman" from Francois Curel's "La Fille Sauvage" adapted for the screen by Kathryn Stuart, is a role vastly different from any which Miss Young has before chosen for the screen, takes this celebrated star away from her usual society play and shows her to exceptional advantages as Renee, daughter of a French trader, derelict in Abyssinia.

When her father leaps to his death the girl wanders away and finds herself in the ruins of an old palace once belonging to the Queen of Sheba. Here she is mistaken for the reincarnated queen herself, and desired by the native prince as his bride, she is frightened, and blinds him with the flashes from her mirror while she makes her escape. Fleeing once more, she is shot by a French explorer, Lerier, who binds up the slight wound and struck with her dusky beauty, takes her back to France.

Here Renee is happy until she learns two unheard of things—jealousy, and the fact that a marriage ceremony is desirable. Almee Ducharme, a former mistress, is winning Lerier back for he has missed her brilliant conversation, and her jealousy thoroughly aroused, Renee destroys a precious relic which Almee has brought to Lerier from Cyprus. Then overcome with remorse, she decides to go back to Abyssinia where many such stones can be found, to place it.

Lerie discovers that he loves Renee when it is too late, and thinking her dead, is drawn back to their old haunts. He is captured by the native prince and is about to be sacrificed, when Renee appears and saves him.

At the Opera House Tomorrow

"My Irish Cinderella" will be the attraction at the Park Opera house tomorrow. It tells of the experience of little Peggy McNeil, a little Irish girl who has been brought up in an orphan asylum, ignorant of the identity and rank of her father and her mother.

A young barrister from England who is in New York in search of the grandchild of the Earl of Lonsdale, takes Peggy to England and to the old Earl as his grandchild. Some of the scenes in the play are said to be thrilling and exciting, yet it sparkles with brilliant Irish wit and humor.

Miss Daisy Carleton as Peggy, has several new song hits, which will be introduced during the action of the play.

A big scenic production is carried on an excellent company of players is promised by the management.

At the Best Thursday

Wonder-facts about "A Daughter of the Gods" to be shown at the Best theatre on Thursday of this week:

The actual cost of the picture: just in excess of \$1,100,000.

Total number of persons appearing in the picture: 21,218.

Largest number used in a single scene: 19,744.

Number of children in the gnome city scenes: 1,200.

More than two hundred mermaids. Three hundred dancing girls and women of the Sultan's harem.

Number of feet of film taken: 223,000.

Number of feet shown to you: 10,000 feet in ten reels.

Seven camera men photographed the picture, as many as four photographing the same scene simultaneously from different angles.

A Moorish city built at a cost of

\$250,000, and destroyed to make one of the "big scenes" of the picture.

An entire Caribbean island and all of its population utilized by William Fox to assist his actor principals in the making of the picture.

Time required to build the tropical city and equip it: three months. Then eight months more of work in making the picture.

A special municipality created and governed by William Fox for his thousands of employees. Special refrigerating and laboratory plants built and maintained for the development of the film.

There was no loss of human life in the making of even the most hazardous scenes.

RUSSIAN CRIMES AROUSE NATIONS

Bloody Reign of Terror Results in Horrid Protest From the United States.

LANSING SENDS NOTE

Asks Allied and Neutral Governments to Consider Steps for Impressing Upon Bolshevik Murders Must Cease.

Washington, Sept. 23.—The United States government, horrified by the bloody reign of terror in Russia, has called upon all Allied and neutral nations to consider what they may do to impress upon the Bolshevik the aversion with which the civilized world regards their wanton crimes.

By direction of President Wilson, Secretary Lansing dispatched instructions to every American diplomatic representative in the foreign capitals. The action also aligns the United States with that of Great Britain and France, in declaring the Bolshevik responsible for the murders, crimes and excesses which have shocked the world, out-laws and public enemies.

Whatever action may be decided upon by the nations, separately, or in concert, it is made clear will be quite apart from the prosecution of the war against Germany.

Message to Diplomats.

The message to the diplomats says this government is informed that the peaceable Russian citizens of Petrograd, Moscow and other cities are suffering from an openly avowed campaign of terrorism, that thousands of persons have been shot without even a form of trial, and that ill-administered prisons are filled beyond capacity.

Great Britain and France, having virtually declared the Bolshevik out-laws, will not be interrogated but have been advised by cable of the action of the American government.

It is made plain that the United States is acting solely in the interest of the Russian people themselves and to aid them in reconstructing their nation upon principles of democracy and self-government.

TWO MOTORCYCLE THIEVES CAUGHT

All of Motley's home guard was called to the front Saturday evening and rounded up two Duluth men caught stealing a motorcycle. After being taken in custody one managed to slip away.

Sheriff Claus A. Theorin and Officer Louis Ahlgrim were asked to assist in the search and Ahlgrim found the second man, named C. Rivers in thick woods near a farm house. Farmers with shot guns patrolled the outskirts of the woods.

Rivers, the officers said, gave his age as 19 of which six years had been spent at Waupun and two years at Red Wing and admitted he was on parole. Rivers said he had a small repair shop in Duluth and that he and his pal had motored from Duluth to Motley, their intention being to steal cars and motorcycles on the road and take them back to Duluth.

Both prisoners were later transferred to the county jail at Little Falls, Morrison county.

FOURTH LIBERTY LOAN POSTERS UP TODAY

Carry Their Message of Buying Bonds to Beat Back the Huns and Save America

LIBERTY SHALL NOT PERISH

Besides Posters There will be Distributed Cards Carrying Picture of Loan Button

At the request of the Treasury Department, no Fourth Liberty Loan posters have been displayed until today, September 23rd. By tomorrow they will be on exhibition all over Crow Wing county.

The ten posters were selected from among numbers of designs contributed to the Treasury department through the division of pictorial publicity, of which Charles Dana Gibson is chairman, and were chosen as giving the most powerful presentation of ideas that are behind America's cause.

Fennell Work Included

Joseph Fennell whose etchings of industrial processes are very widely known, has pictured the Titan statue of Liberty crumbling under shell fire in New York harbor, against the lurid background of the blazing city. Over it is the caption: "That Liberty Shall not Perish from the Earth," and below the exhortation to buy bonds that the vision may never see realization.

Another reminder of German warfare and its menace, in F. Strehman's poster, depicts a Hun peering over the edge of ravaged Europe, clinging to a bloodied bayonet, with hungry eyes fixed on America. "Beat Back the Hun with Liberty Bonds," is the lettered exhortation.

Bloody Hand is Shown

Cartoon simplicity is illustrated in a poster by J. Allen St. John, called "The Hun—His Mark," and showing only a bloody hand print. "Blot it Out with Liberty Bonds," the artist adjures. Likewise John Norton, whose design shows a pair of bloody boots, ornamented with the Imperial German eagle, puts over the easily understood message, "Keep these off the U. S. A."

Belgium's tragedy gives the theme for Ellsworth Young's accepted offering, in which a silhouette Hun dragging a girl through a scene of fire and desolation points the necessity of its legend, "Remember Belgium." There will be 1,000,000 lithographs of this poster alone.

Marching troops following Victory and the eagle through the storm of battle as depicted by J. Scott Williams has proved a subject lending itself to reproduction in heroic size. It will appear on the cards, and also be spread out over 24-sheet billboards. Walter Whitehead has typified the soldier's admonition, "Come On!" over a khaki figure that faces the foe.

Raleigh Draws Another

Henry Raleigh, whose "Halt the Hun" poster in previous loan campaigns won wide renown, this time offers "Hun or Home?" in which a little girl, a baby in her arms, gazes in startled apprehension upon a Hun breaking into the household.

Howard Chandler Christy, designing the tenth poster, took a novel subject, marked by realism, when he copied a photograph of a battleship's gun and its crew in action. A figure of victory towers above the tolling gunners who send home the shell, and the poster is marked "Clear the Way!"

Besides the posters, there will also be distributed widely a card carrying a picture of the Fourth Liberty loan button, and exhorting every loyal American to wear it.

NATIONAL FARM LOAN ASSOCIATION LAUNCHED

Articles of Association and Bylaws Adopted, Applications made for \$20,000 Loans

FIRST OFFICERS ARE ELECTED

E. E. Taylor President, C. B. Converse Vice President, H. E. Kundert Secy-Treas.

A group of farmers met at the Chamber of Commerce rooms last Saturday afternoon and organized a National Farm Loan association with headquarters at Brainerd.

The meeting was presided over by J. W. Fitzpatrick, president of the Farm Bureau; the Farm Bureau directors having included the organization of such an association in their program of work. County Agent E. A. Colquhoun had secured the necessary forms for the organization of the association and was elected to act as temporary secretary.

Articles of association and by-laws were adopted and the following directors were elected: E. E. Taylor, C. B. Converse, D. J. Gordon, W. F. Row, Roy Cook, C. H. Balow, E. L. Young.

The question as to the territory that is to be included in the association was then brought up and it was decided to include all of the townships tributary to Brainerd as a marketing center. The following townships were included: St. Mathias, Daggett Brook, Platte Lake, Roosevelt, Garrison, Maple Grove, Long Lake, Crow Wing, Oak Lawn, Nokay Lake, Baxter, Mission and the First Assessment District.

The members of the association then signed the amount of money that they desired to borrow and over \$20,000 was applied for. Application blanks were distributed which are to be filled out and turned in later.

Following the meeting of the association, the board of directors met and elected E. E. Taylor president, C. B. Converse vice president, and H. E. Kundert, cashier of the Brainerd State bank as secretary-treasurer. Mr. Kundert was then asked to come to the meeting and assumed the duties of secretary-treasurer. He was authorized to subscribe for \$1015 worth of stock for the association in the Federal Land Bank at St. Paul.

E. E. Taylor, C. H. Balow and D. J. Gordon were elected as the committee on appraisals with C. B. Converse, Roy Cook and W. F. Row respectively as alternates.

Seed Corn Drive in Progress, Reports from Threshers, Rosen Rye Introduced in County

The board of directors of the Crow Wing county Farm Bureau association held a meeting at the office of County Agent E. A. Colquhoun last Saturday forenoon and checked over the affairs of the association.

It was decided to place a potato exhibit at the exhibition to be held at Grand Rapids under the auspices of the Northern Minnesota Development association this fall. Farm Bureau members will contribute fifteen half bushel samples and the county agent will be expected to take charge of the exhibit.

It was also decided to launch a Farm Bureau membership drive sometime this fall for the purpose of increasing the membership in the association and to stimulate greater interest in the work. This is in cooperation with the United States and State departments of agriculture, who have proposed a nation wide drive of this sort.

The county agent was asked to report on the work that was being done and other work for the future was discussed.

It was decided last spring that the county agent was to devote most of his time to the cooperative creamery project, but other things have also been taken up.

Under the direction of the state department a seed corn drive has been launched and reports coming in so far are very satisfactory. The school board clerks for 1917 are reporting for their districts and many reports have already come in.

Reports from threshers on the amount of wheat threshed are being secured.

A questionnaire in regard to the prices of farm machinery for the last five years has been filled out and forwarded to the department at Washington.

Rosen rye has been introduced in the county. This variety of rye is raised extensively in the state of Michigan and is claimed to yield much better than the common rye that is grown. Nine farmers, John Erickson, J. J. Borst and P. Brenno all of Pequot; Bert Sabin and Con Faupel of Mission; E. L. Young and George Cossette of Merrifield and George McCulloch and W. D. McKay of Brainerd are trying out this variety and will report the result of it in another year.

BEST THEATRE TO BE HONORED TUESDAY

Certificate to be Presented Accrediting Theatre as Member of 4 Minute Men Organization

SUBSTANTIAL SERVICE TO U. S.

Certificates are Handsomely Engrossed on Parchment by Committee on Public Information

Managers of local motion picture theatres which have been cooperating with the Four Minute Men of the Committee on Public Information will be honored this week by the presentation to them of certificates from the government accrediting them as theatre members of this official organization.

These certificates are issued in accordance with a recent expression of President Wilson in acknowledgment of the debt the country owes to their theatre managers.

In a letter addressed to the National Director of Four Minute Men, the president said:

"The motion picture theatres of the country are rendering so substantial a service in aiding the Four Minute Men as spokesmen of the national cause that I would not willingly fail to acknowledge the debt the country owes to these theatre managers. Their response to requests has been hearty, and their cooperation is most helpful. Will you please convey to them my appreciation of their aid in giving this exclusive privilege to your speakers?"

The certificates, which are handsomely engrossed on parchment (attractively framed), are worded as follows:

"In recognition of the grant of exclusive speaking rights to The Four Minute Men of the Committee on Public Information, we do, by and with the consent of the President of the United States, hereby appoint F. S. Workman, manager of the Best theatre as a Theatre Member of the organization."

Presentation will be made to the Best theatre management Tuesday evening, Sept. 24 by a representative of the Four Minute Men organization of this city.

Why Batteries Wear Out

There are two reasons; the natural wear that goes on slowly, and the rapid wear that's due to abuse, as when you—

Forget to add distilled water.

You expect natural wear in batteries as much as you do in tires—but if your tire was flat you wouldn't keep running on it.

Ask for our booklet, "A Mark with a Meaning for You"—it tells what's back of the Willard Mark.

PERISH IN RESCUE EFFORT

Ten American Seamen Lose Their Lives in Heavy Sea.

Washington, Sept. 23.—Ten enlisted men of the crew of the coast guard cutter Seneca lost their lives Sept. 16, while attempting in a heavy sea to save the British steamer Wellington, which had been put in a sinking condition by an enemy torpedo, the Navy department was informed by Admiral Sims.

Positions for Wounded Men.

Philadelphia, Sept. 23.—There are 50,000 positions available in Pennsylvania for wounded soldiers, declared L. R. Palmer, acting commissioner of the State Department of Labor and Industry, in an address before members of the American Academy of Political and Social Science, who are in session here for a conference on rehabilitation of the wounded. Mr. Palmer explained that the number of places open for the injured soldiers would probably far exceed the number of applicants.

FORM CENTRAL BODY URGES RIGID ECONOMY

Czechs, Slavs and Poles Unite On War Program.

Decide to Support the United States in Its Conflict With Central Powers.

Washington, Sept. 23.—Leaders of the Czech-Slovaks, the Jugos-Slavs and the Poles, at conferences in Washington the past two weeks, have agreed upon a program of aims of the oppressed peoples in Austro-Hungary which has been laid before President Wilson.

Creation of a new central body of the Central European groups which will protect the interests of all of them was forecast in the announcement of the result of the conference.

Promise War Support.

President Wilson was assured that not only had the oppressed nationalities within Austria-Hungary severally reached agreements for the forwarding of their own nationality aims, but also had agreed to uphold the President and the American people in winning the war.

The President was told that Germany, realizing that unity of these peoples would be a blow to Teutonic power and aspirations, had set her propagandists to work among the Poles in this country in the hope of creating a clash with the two other groups. This propaganda has failed, the President was informed, and the Poles are unitedly behind the American government.

KANSAN TO GO TO FRANCE

Lieutenant Governor to Do "Y" Work Overseas.

Hutchinson, Kan., Sept. 23.—William Y. Morgan, lieutenant governor of Kansas and publisher of the Hutchinson News, will leave for France for duty in war work of the Young Men's Christian Association.

Mr. Morgan will be assigned to work with the troops in the fields and intends to remain in France for the duration of the war.

More for Limited Service.

Camp Lewis, Wash., Sept. 23.—Limited service men in greater numbers than ever before are to be called here in future drafts, officers here said following the announcement from Washington that no general service men will be used in this country for any duty which can be performed by limited service men. Not only will limited service men be used in every man possible at home, but they are also to be used in maximum numbers in the overseas service of supplies.

Japs Send Food to China.

Tokio, Sept. 23.—The war office announces that the Japanese army has sent to China a large quantity of wheat, tea, cotton, sugar, rice, matches and tobacco from Manchuria.

Anti-Trust Cases May Go Over.

Washington, Sept. 23.—Consideration of the anti-trust cases pending in the supreme court probably will be postponed again until next year, it was stated by officials familiar with government policies. Attorney General Gregory declined to confirm this, however, saying no steps had been taken or contemplated by the Department of Justice to ask the court to defer consideration of the cases, some of which are set for argument soon after the court convenes next month.

Food Administrator Says Nation Will Escape Rationing.

Allies and Neutrals Will Need 17,550,000 Tons of Foodstuffs Next Year.

Washington, Sept. 23.—In outlining a statement issued the food conservation program recommended for the American people during the coming year, Food Administrator Hoover said the United States was prepared to ship 5,730,000 more tons of foodstuffs to its allies and allies than last year, and still have a margin over that amount necessary to maintain health and strength at home.

The great undertaking cannot be accomplished, however, Mr. Hoover emphasized, without due regard to the importance of saving by every person.

With no prospect, as he saw it, of a proper ending of the war before the summer campaign of 1919, the food problem, the food administrator declared, is no small part of the issue.

The Allied civilians and armies, the American armies, the Belgian relief and certain neutrals who are dependent upon the United States, will require 17,550,000 tons of foodstuffs for the year beginning July 1.

There will be no food rationing in this country, so long as the people continue to conserve as in the past, Mr. Hoover said, nor will it be necessary, he hoped, to resort to wheatless and meatless days.

SENATE HAS REVENUE BILL

Finance Committee Will Require Several Weeks for Revision.

Washington, Sept. 23.—The \$8,000,000 War Revenue bill passed by the House was transmitted to the Senate and referred to the Finance committee.

That "several weeks at least" will be required for revision was the belief expressed by Senator Simmons of North Carolina, chairman of the Finance committee.

TWELVE FLIERS DIE IN WEEK

War Department Reports Deaths at Air Fields.

Washington, Sept. 23.—Twelve deaths from airplane accidents at army aviation fields throughout the country during the week ended Sept. 14 are reported in a summary issued by the War department.

Germans Ban Allied Leaflets.

With the American Army on the Lorraine front, Sept. 23.—The severity of the action of the Germans against those of their men who are caught reading Allied propaganda and the way they are dealt with is indicated by the story of a prisoner taken near Haumont. This prisoner said his hands had been tied behind his back for eight days because he was caught reading a French pamphlet dropped by an airplane and then handing it on to his comrades for perusal.

FISHING TRAWLER IS SUNK

German Submarine Again Operating Off Atlantic Coast.

An Atlantic Port, Sept. 23.—The American steam trawler Kingsfisher was torpedoed and sunk 85 miles off the North Atlantic coast.

Captain Riley and his crew of 26 were rescued and reached shore.

The trawler was on the fishing banks when the enemy submarine appeared.

ENEMY ARRESTS SOCIALISTS

Dozen Leaders Held in Saxony as Agitators of Unrest.

Washington, Sept. 23.—It is reported from Dresden to Amsterdam, according to a dispatch from France, that twelve leaders of the Saxon Independent Socialist party have been arrested at Dresden, Chemnitz, and Zwickau, as a result of the serious unrest in Saxony.

Agricultural Bill Passed.

Washington, Sept. 23.—Without the provision increasing the government guaranteed price of wheat from \$2.20 a bushel, which once caused its veto by President Wilson, the agricultural appropriation bill, carrying \$27,800,000, was passed by the House without a record vote. The bill provides for expenses during the present fiscal year of the Department of Agriculture which, since July 1, has been paying its debtors under a resolution continuing the last year appropriations.

Certain-teed Roofing

Certain-teed renders a war service.

Certain-teed saves war supplies, because it is made of materials which have no use in war products. It serves war needs because it provides our armies, and peoples everywhere, with efficient, economical roofing.

Certain-teed saves war transportation, because it is so compact that it takes minimum car space, and so easy to handle that it requires the minimum time to load and unload.

Certain-teed saves war labor. It can be laid in less time than any other type of roof; and no skill is required—anyone who will follow the simple directions that come packed in the center of roll can lay it correctly.

The durability and economy of *Certain-teed* are recognized the world over, as proved by its enormous sale. It is now the standard roof

for factories, office buildings, hotels, stores, warehouses, garages, farm buildings, etc.

Guaranteed 5, 10 or 15 years, according to thickness. Sold by best dealers everywhere.
